*tali figure saranno quotate esclusivamente per attività di dematerializzazione inscindibili dal servizio di migrazione (inclusi eventuali servizi di rearchitect e replatform) in relazione a migrazioni ibride per i dati analogici per cui risulti necessaria la dematerializzazione al fine di consentire la corretta erogazione dei servizi. Il dimensionamento delle attività di dematerializzazione, determinato come il valore economico totale delle figure professionali “Specialist digitalizzazione del dato” e “Specialist acquisizione dato analogico,” non potrà superare il valore massimo del 20% del totale servizio di migrazione (inclusi eventuali servizi di rearchitect e replatform). Per la sola figura di “Specialist acquisizione dato analogico”, in sede di redazione del PPDF, al fine di determinare il corretto dimensionamento dell’attività, l’importo economico sarà stimato anche sulla base di un principio di equivalenza tra il costo delle risorse professionali ed il corrispondente costo necessario a digitalizzare ogni metro lineare di documentazione analogica (produttività media indicativa di 16.000 fogli x gg/uomo ; 1,78 metri lineari x gg/uomo).
